

Recruitment of Civil Engineer (lift irrigation and water filtration)

Water and Livelihoods Foundation (WLF) is a Public Trust established in 2016 at Hyderabad, India. With a vision of 'water-security for all', WLF strives to develop grass-roots innovations, facilitate capacity building and carryout action research in the areas of water, agriculture and livelihoods. WLF is looking for a suitable candidate for the following position against the current vacancy at Bapatla, Andhra Pradesh:

Civil Engineer (1 no.) – a candidate having diploma / bachelor / post-graduate degree in Civil / water resources engineering, with minimum 5 years of experience in the planning, design and implementation of small lift irrigation schemes, salinity monitoring, water supply and micro water filtration projects. Experience in activities that counter coastal salinity is highly desirable. Writing reports and fund-raising by writing concept papers and project proposals is essential as a part of the duties. Position is either at Bapatla (AP). Total emoluments: Max. 7.00 lakhs pa.

WLF is an equal opportunity employer. Qualified and experienced women candidates and persons who are differently-abled are encouraged to apply. Applications consisting of covering letter (mention current and expected salary), CV and a few sample reports, MUST BE SENT IN A SINGLE FILE to the email address: wlfoundation@outlook.com by clearly mentioning 'CIVIL ENGINEER RECRUITMENT WLF Sep 2024' in the subject line. LAST DATE FOR SENDING APPLICATIONS IS 15 Oct 2024.

WLF reserves the right to reject any application or cancel the recruitment process at any stage. Any query related to this advt. may be written to wlfoundation@outlook.com on or before 30 Sep 2024. Enquiries through phone calls to the staff will not be entertained and it may lead to disqualification of the candidate.
